

GYMNASTICS SIZING SET STYLE REFERENCE GUIDE

After years of pattern development, the best way to ensure proper fit is to rely on body measurements. All you have to do is measure athletes and reference the size charts to determine sizes. Our size charts have been thoroughly evaluated to ensure that taking accurate athlete measurements will result in the correct size being ordered. If you choose, you may still order a sizing set to confirm sizes.

Please reference the charts below to determine which sizing set you should order. Contact Customer Service at customerservice@gkelite.com or **1.800.345.4087** to request your sizing samples.

WOMEN'S COMPETITIVE LEOTARDS

Select **SS21PK** if the primary fabric in your Special Order or Custom Design is Nylon/Spandex, Superior Velvet, or PolyTek.

Select **SS119PK** if the primary fabric in your Special Order or Custom Design is Mystique, Hologram, or FoilTek.

MEN'S COMPETITIVE WEAR

Select **SS61PK** for Men's Competition Shirts.

Select **SS62PK** for Men's Competition Shorts.

Select **SS64PK** for Men's Competition Pants.

WARM-UPS

At GK, years of pattern development have taught us that the most accurate way to ensure proper warm up fit is to rely on body measurements. An individual's perception of fit may vary greatly; however, the GK fit is scientifically engineered to move with the athlete for optimal performance.

Warm-Ups do not require the same 'Second Skin' fit that is required when wearing competition apparel. Using our size charts and a measuring tape, you can properly determine the correct size of each athlete.

If you have additional questions on how to measure your athletes for Warm-Ups, contact customer service at customerservice@gkelite.com or **1.800.345.4087**.
