RELAXED FIT TEAM COORDINATES (L1048 & L1049)

RELAXED FIT TEAM COORDINATES				
MISSES SIZES	CHEST	WAIST	HIP	INSEAM
AS	33-35	26-28	35-37	29.5
AM	35-37	28-30	37-39	29.5
AL	37-39	30-32	39-41	29.5
AXL	39-41	32-34	41-43	29.5
A2XL	42-44	34-36	43-45	32.5
A3XL	44-46	36-38	45-47	33

Our team coordinates are made of a special cotton/poly blend and will shrink when washed and dried. The shrinkage allowance has been built into the size. Our sizing chart reflects the measurements of the warm-up after it has been washed. To ensure the perfect fit, our sizing samples are pre-shrunk, so you know how your warm-ups will fit after the first washing.

HOW TO MEASURE

The goal of measuring is to determine the correct size to order for each athlete. Accurate measurements are vital to the proper fit of your athletes' apparel. Please make sure that all athletes are wearing fitted workout apparel during the measuring session.

1 Chest Measurement

First, measure the chest of the athlete while their arms are down at their sides. Be sure to take the measurement at the fullest part of the chest. Your measuring tape should always be parallel to the floor while taking the measurement.

2 Waist Measurement

When measuring the waist, wrap the tape at the natural waistline which is the narrowest part of the waist. If you are having trouble locating the natural waist, have the athlete bend to the side. The natural waist is where the body bends. Again, the measuring tape should always be parallel to the floor while taking the measurement.

3 Hip Measurement

Take the hip measurement at the fullest part of the buttocks with the athlete's feet together. Ensure that the tape measure is parallel to the floor.

4 Torso Measurement

Take the torso measurement from the center of the shoulder, down the torso, through legs, and back to the shoulder. This is the most important measurement you will take when measuring athletes for leotards, men's gymnastics competition shirts, and one piece cheer uniforms.

5 Inseam Measurement

Take the leg inseam measurement by running the tape from the crotch to one inch above the floor. Measure the athlete without shoes.
